 This is a rock.   It is smooth.

 This is a rock. It is rough.

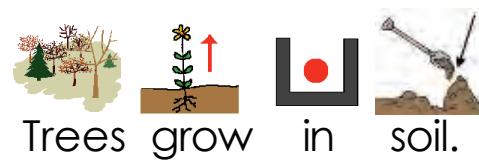

Plants Grow in Soil

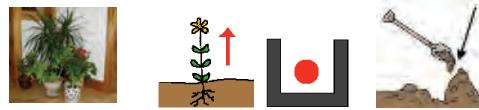

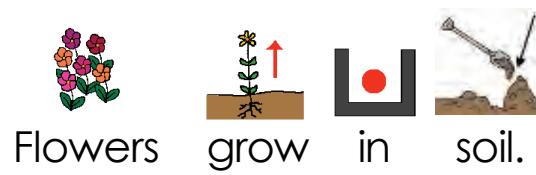

2007 Slatter Software, Inc.

Trees grow in soil.

House plants grow in soil.

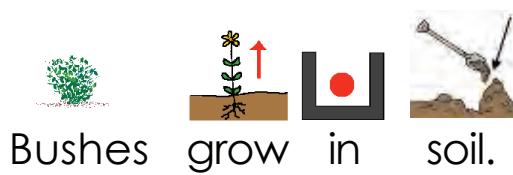

Flowers grow in soil.

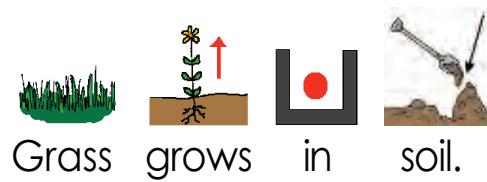

Vegetables grow in soil.

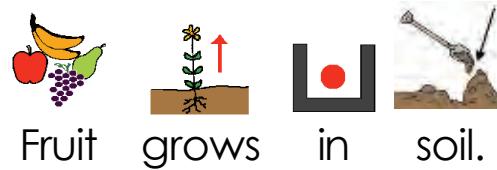

Four small, colorful illustrations are arranged horizontally. From left to right: 1) A green plant with yellow flowers growing out of a brown pot. 2) A small green seedling with two leaves growing out of a brown rectangular block of soil, with a red arrow pointing upwards above it. 3) A black square frame containing a red circle. 4) A brown shovel digging into a mound of brown soil.
